APPROVE MINUTES

Minutes of June 2, 2014 & June 10, 2014 approved

• COMMUNICATIONS/ANNOUNCEMENTS

See Attachment A from Mr. Bienkowski describing the district's capital improvement projects and a letter from Chartwells Food Service company. Added discussion item for Chartwells letter.

OLD BUSINESS

Financing HS Auditorium Project

Mr. Faiella to contacted Mr. Boos to understand whether the HS Auditorium project would be better served and more cost effective as a "renovate as new" with state reimbursement versus a maintenance project as currently defined. After a review with Mr. Boos and Mr. Bienkowski, the consensus is to keep as a maintenance project. The current estimate is \$2.2mm – which is an old estimate. Mr. Boos is working up a cost estimate which is expected to be ready for the July 15 board meeting. Schematic fee for Auditorium project will be paid out of the custodial account for building usage. All other fees will be paid out of the bonding for project.

Chartwells Food Service Letter

Mr. Bienkowski submitted formal letter confirming that Chartwells will continue to guarantee the revenue of \$35,238 for 2014-15 despite a change in legislation.

NEW BUSINESS

None.

Ron Bienkowski Director of Business Newtown Public schools 31 Pecks Lane Newtown, CT. 06470

Dear Ron,

This is a follow up to our conversation on Tuesday April 29, 2014 regarding the Healthy Dime in Connecticut (HFC). After further investigation and continued interpretation of this process the following will apply:

- All schools in a given district must follow the HFC in order to receive these funds. A school district cannot have one school off of the program and the others on.
- This would severely limit our ability to sell a la carte items at Newtown High School and does not fit with our plan to move forward in removing the high school from the NSLP.
- The financial implications on the Newtown school lunch program would be approximately \$22,000 in reduced reimbursement revenue for the 2014-2015 school year.
- The \$22,000 in lost reimbursement revenue is agreed to be a Chartwells liability, and will not affect our contractual guarantee of \$35,238.
- Under 6.3 (a) Reimbursement rates for NSLP and SBP meals will not be less than the rates estimated in Chartwells' proposal and reimbursement revenue will not be less than that estimated in Chartwells' proposal. (As per this memo this does not apply to this portion of reimbursements for the 2014-2015 school year)

Thanks,

George Sottile Chartwells District Manager
