Theatre Design – J. Gabriel, K. Longobucco, M. Hiscavich

J. Gabriel presented highlights from the newly revised Theatre Design curriculum.

- Theatre Design enables students to perceive, visualize, and realize practical theatrical designs, including but not limited to sets, costumes, and props.
- Students are taught the principles of design and their applications in a creative and production process.
- Allows students to become acquainted with the practical basics of design as a profession and learn to appreciate each as a form of artistic expression and visual interpretation of literary texts in the context of modern theatre.
