HOME AND SCHOOL COMMUNICATION AND SUPPORT

Teacher E-Mail Addresses: All teachers at this school have been issued e-mail addresses.

Online Homework Information: A portion of the school website is devoted to homepages.

The following narrative about how this school promotes and supports parental involvement was submitted by this school.

Our commitment to encouraging and supporting family involvement takes many forms. The PTA at Middle Gate is a dedicated and involved group of parents and teachers who work together to provide outstanding educational experiences for our students. The Middle Gate PTA sends a-monthly newsletter and the principal sends out e-messages to keep families informed. The PTA supported our literacy initiative through a generous donation to improve our Goldmine Library, Reading Center, and classroom libraries. They coordinated reading challenges and provided feedback on the draft of our Literacy Action Plan (created by our Literacy Team). In addition, Middle Gate School and the PTA launched book clubs for children in grades three and four. Several parents and staff members coordinated and ran these voluntary book clubs for our children. Our PTA Cultural Arts committee provides monthly cultural experiences for our children that promote the arts and encourage the celebration of diversity while meeting the curriculum standards. Our PTA continued to support the GeoKids Initiative, which helped children learn about US and world geography. Parents also volunteered to run the Junior Master Gardener Program. Through this program our children learn about plants and nutrition in our outdoor classroom. Middle Gate Loves to Read Week included a "One School, One Read" and a Family Literacy Night filled with activities, crafts, and games related to reading. Parents volunteer in classrooms to provide language arts support and math skill practice. Additionally, parent volunteers assisted in the Library Media Center, "Super Star Math" enrichment program, and in Science Lab lessons. Our school website, with teacher web pages, supports parents in their quest to help their children succeed academically and socially. Activities such as the annual Father/Child Pancake Breakfast, which is attended by more than six hundred people, Muffins with Mom, Grade 3 Family Math/Science Night, Middle Gate Madness, and evenings such as "What's under the microscope night?" encourage the participation of dads, moms, and extended family members in their children's education. Our parents are participants in the Principal's Coffee, a forum in which they can openly discuss concerns, suggestions, and/or successes. Topics of interest and school/district initiatives are also presented and discussed in this setting.

EFFORTS TO REDUCE RACIAL, ETHNIC AND ECONOMIC ISOLATION

Below is the description submitted by this school of how it provides educational opportunities for its students to interact with students and teachers from diverse racial, ethnic, and economic backgrounds.

Middle Gate School works to provide a program of study to increase student awareness of diversity and cultures other than our own. The Respect, Responsibility and Celebration of Diversity (RRD) Committee was created as a sub-committee of the Middle Gate School Leadership Council. Students discuss and participate in strengthening the connections that students have to school and to each other, and students discuss sensitive issues dealing with the underrepresented populations at Middle Gate. Monthly themes focusing on respect, responsibility, kindness and caring, sincerity and honesty, and cooperation and sharing are addressed throughout the year. Themes focus on diversity of race and religion, cultural and ethnic differences, and differences which relate to ability, and viewpoints. Our students meet in Community Circle to further develop traits including trustworthiness, empathy, and perseverance. In morning meetings, class activities and through school-wide initiatives, students practice actions related to the monthly theme to reinforce desired behaviors. Our Safe School Climate Committee meets regularly, analyzes survey results and staff feedback/suggestions, coordinates activities, and collaborates with others to foster a caring environment. Our school has become associated with the Ben’s Bells program and incorporated elements within our school’s approach to promoting kindness. In addition, teachers implement lessons based on cultural themes. Units of study that recognize the differences between cultures are promoted in all classrooms. This year, fourth grade students participated in an experience focused on Nigerian culture which was organized by a former Middle Gate student. Assemblies are purposefully chosen to foster an appreciation of differences. Before and after school language classes are available in French and Spanish. Rosetta Stone software is available in English, Spanish and Mandarin Chinese. At Middle Gate School, we celebrate the diversity present in our American culture, learning from one another and appreciating our differences.

SCHOOL IMPROVEMENT PLANS AND ACTIVITIES

The following narrative was submitted by this school.

Our School Improvement Plan and areas of focus are developed by our Leadership Team, which consists of teachers, leaders in literacy and mathematics, members of the Middle Gate staff, and administrators. The Leadership Team meets together as a professional learning community to review formative and standardized data to develop a plan to ensure student achievement and a safe school climate. Curriculum maps are reviewed in order to assess whether our performance standards and teaching objectives are consistent with high levels of student achievement. Teachers meet in teams throughout the year to ensure that all students have access to best practice techniques in the five key areas of reading instruction, such as fluency, vocabulary, comprehension, decoding, and phonics. Teachers at Middle Gate School implement the Responsive Classroom approach at each grade level and participate in professional growth conversations with administrators and building leaders. Each member of the certified staff contributes to at least one committee and several teacher-leaders offer voluntary workshops for their colleagues. All grade levels meet as data teams to study our curriculum-based Language Arts and Mathematics data to assess student progress throughout the year. Teams set SMART goals, and track and assess progress toward the goals. Teachers design their instruction based on this data as well as daily assessment of each student. We set measurable goals for students experiencing difficulty and work toward achieving the goal using best practice strategies and differentiated instruction. In alignment with the State of Connecticut's scientifically based research model (SRBI) we are monitoring student progress using universal screening assessments. Our efforts are supported by the work of grade level teams, support staff, the Early Intervention Team and the Safe School Climate Committee. Student progress is monitored weekly or biweekly when students fall below expected benchmarks. Teachers use instructional specialists and flexible grouping during their Language Arts Power Block to further individualize instruction for students.

SUPPLEMENTAL SCHOOL INFORMATION

The space below was optionally used by this school to describe aspects of the school not presented elsewhere in the profile.

Continuous improvement is at the core of all we do. Students in all grades are exposed to an enriched, meaning-centered curriculum grounded upon sound research, policies, practices, and beliefs. Middle Gate School maintains the highest standards while not losing sight of the whole child and specific identified needs. Our language arts and math/science specialists promote sound practice in the teaching of their subjects, helping teachers to develop and enrich their classroom programs, and providing differentiated instruction for each student. Students benefit from a school-wide emphasis on science. We believe that students need to experience science and every student benefits from exploratory studies in our laboratory environment. We are proud of our designation by the State Department of Education as a School of Distinction in to categories: Highest Progress Among Schools With A School Performance Index (SPI) Greater Than 88 and Highest Overall Performance. Each classroom in Middle Gate School is equipped with a SmartBoard and all grade levels produce a unit promoting 21st Century skills. A Publishing Center operated by parent volunteers provides the opportunity for students to have their writing published in hardcover form at least once a year. Students participate in Middle Gate Loves to Read Week, where they take part in school-wide activities that promote reading and celebrate books, as well as an all-school Math day on the 100th day of school. Our annual Turkey Trot, along with our Jump Rope for Heart, Walking Club and Marathon Club are a few of the many ways we build lifelong healthy habits. Middle Gate School is a service-oriented community. Students on our Green Team lead our recycling efforts by collecting and recycling paper from classrooms. Last year, classrooms "adopted" families and provided Thanksgiving Dinner in conjunction with the WIN Thanksgiving Basket Program. Students also participated in a sock and mitten drive, ASPCA awareness/fundraiser activities, Earth Day Festival, Valentine's for the Troops, "Souper" Bowl food drive, Pennies for Patients effort, and raised money for victims of natural disasters.
